

## MISSION STATEMENT

Pecan Deluxe Candy company exists for the benefit of our customers, employees, and stockholders. We must constantly strive to improve the quality and safety of our products and services so that the customer will be better served. This will allow the company to grow, provide jobs, and produce profits. The management of the company is committed to providing proper training, equipment, and tools to accomplish this goal as presented in the programs described in the "Food Safety and Quality Manual".

Our people are the reason that our company has grown and developed a good reputation. Through teamwork and statistical methods, we can continue to improve our systems and, ultimately, our products and services. *Food Safety and Quality is our first consideration and our number one priority.* Every member of our team is a quality assurance person dedicated to improving our systems. We are all dependent on each other to get the job done.

I challenge all of our people to *think*. Think of what we can do to improve our systems, *and* to pass the ideas on to your manager.

Together, we can build a quality oriented company, and we can all be proud of what we accomplish.
